

## **Carbendazim TC**

### **CHEMICAL INFORMATION**

Chemical name: methyl benzimidazol-2-ylcarbamate

CAS: 10605-21-7

Molecular formula: C<sub>9</sub>H<sub>9</sub>N<sub>3</sub>O<sub>2</sub>

### **PRODUCT INFORMATION**

| Item                         | Description |
|------------------------------|-------------|
| Carbendazim assay: % ≥       | 98.0        |
| Drying loss: % ≤             | 1.0         |
| o-phenyldiamine content: % ≤ | 0.5         |

### **USE**

It is a broad-spectrum bactericide used in the mildew resistance in textiles, paper making, leather and coating.

**TOXICITY:** Low. Rat acute per os LD<sub>50</sub> > 1000 mg/kg

**PACKING:** In woven bag lined with plastic bag, net wt. 25 kgs.

**STORAGE:** In dry and draughty place, avoid dampness and sunlight.
