

BIT

BIT 98.5 % is a low toxicity biocide specially developed for the complete microbiological protection of water based products against bacterial and fungal spoilage in the wet state .BIT 98.5% is a paste.

CHEMICAL INFORMATION

Name	1,2-Benzisothiazolin-3-one
CAS Registry Number	2634-33-5

PRODUCTION SPECIFICATION

Appearance	Tan/Brown moist powder /paste
Active ingredient	98.5%min
pH (1% water solution)	8.0-9.0

APPLICATIONS

BIT 98.5% is recommended for a wide range of applications including adhesive , polymer emulsions ,fountain solutions , MWF and paint where protection against fungi are bacteria is required in the wet state .

STORAGE LIFE

At least 24 months from the date of manufacture in the original sealed container at ambient temperature. Store away from excessive heat and humidity in tightly closed containers.

HANDLING PRECAUTIONS

Refer to the Material Safety Data Sheet for BIT.
